Not illustrated. 1827 Excerpt: .and carried two different levels, to the Conecocheague creek, both of which, Mtu i mated at the same point, say at Weaver s mill, being the heighth of my summit level. One of those surveys only, is represented on the draft, and marked as a feeder, the length of which will be not more than two miles. Descent from the summit, by the first survey, which is not represented on the draft, and which terminated in the head run, of Hetttk s mill, but a considerable distance below his dam, is--17.22 I would approve of building a dam of six feet in height, across the creek, 111 perches above Chamber s mill, from which the water can be conveyed to the summit, and will not only give an increase of water, by the addition of three springs, one of which is large, but also avoid a...

Reviews

It in one of my favorite book. Sure, it is actually engage in, nonetheless an interesting and amazing literature. I am happy to let you know that this is basically the finest book i have got study inside my very own existence and might be he finest publication for ever.

-- **Randal Reinger**

The publication is easy in read better to understand. It is writter in basic words and phrases rather than hard to understand. You wont truly feel monotony at anytime of your respective time (that's what catalogues are for about if you question me).
