Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.We publicly released our audit of FAA s strategy for terminal automation modernization through the Standard Terminal Automation Replacement System (STARS). We found that FAA needs to reevaluate cost estimates and consider other alternatives to deploying STARS to all terminal facilities. The cost estimates for acquiring STARS have nearly doubled from \$940 million to \$1.69 billion since 1996, and the vast majority of systems have not yet been procured and deployed. To complete the STARS deployment within the cost baseline of \$1.69 billion, FAA is counting on future cost savings of \$281 million, which are not attainable.
