Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Botany of the Bermudas A continual and increasing demand from tourists, especially ladies, who are generally most enthusiastic on Botanical research when visiting this island, has induced the publishers to place this handbook prepared by a well known Botanist, on the market. Apart from a small Botany written by the author and a small pamphlet years ago, written by Mr. Readc, (both now out of print) there is no work on the subject available; apart from Verrills* Bermuda, an expensive volume, and out of the reach of a student s purse. Our object in placing this Botany before the public, is that a Botanist, or a would-be Botanist, may have a reliable handbook. The Mss. has been submitted to more than one expert, who pronounced it as perfectly reliable, and all thoroughly recommend it, so long as the price should place it within everybodys reach. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
