American Ceramic Society, United States, 2006. Paperback. Book Condition: New. New.. 223 x 147 mm. Language: English . Brand New Book. Photonics is a critically important technology. It complements maturing micro-electronics to create new directions that impacts a wide-ranging array of other industries. From a materials standpoint, this technology uses essentially all the classes of materials and seeks to hybridize them to create new devices. These proceedings showcase the transformation of photonics from a telecom-aligned technology to a much wider sphere of applications.
