

Observations on the Casual and Periodical Influence of Particular States of the Atmosphere on Human Health and Diseases, Particularly Insanity (Paperback)

By Thomas Forster

Theclassics.Us, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1817 edition. Excerpt: . SECTION VIII. THE ATMOSPHERICAL INFLUENCE IS OVERLOOKED, FROM ITS OBSCURE MANNER OF OPERATION ON THE NERVOUS SYSTEM. All the phaenomena of the animal machine, the various functions of automatic life, of sensation, c. depend ultimately on the nervous system. So do the diseases. No error is more common, or more dangerous to right practice, than that of confounding the various symptoms of disease with the morbid state of, or influence on, the nervous system, wherein the real disease consists. Cancer, for instance, may be regarded as the consequence of a morbid diathesis. The various symptoms of headach, vertigo, cutaneous eruptions, and local diseases in general, mark a disordered state of the nervous system, and of the digestive organs. By curing the latter by medicines and diet, and the former by exercise, do the symptoms subside. The question is, How far is the influence...
