Brand New Book ***** Print on Demand *****.Excerpt from Tate s Counting-House Guide to the Higher Branches of Commercial Calculations and Valuations, Vol. 1: With Pro-Forma Invoices and Account-Sales, and Useful Business Tables The Work now submitted to the Public, in Two Parts, has already appeared in a similar but less extensive form. The original issue of 122 pages has increased, by successive editions, to the present limit of 360 pages. It was at first entitled, An Appendix to the Commercial Arithmetic, exhibiting the Methods employed by Merchants, Bankers, and Brokers, for Valuations of Merchandise, Percentages, the Public Funds, etc., and was written by Mr. William Tate, Principal of a high-class Commercial Academy in London, author of the Modern Cambist, and of several other useful works. In justice to Mr. Tate s memory, and with a view to exhibit his individuality in the various Rules, Explanations, and Examples, and also his reasoning thereupon, I have endeavoured to retain, as much as possible, the original arrangement and character of the Work, at the same time that I have been compelled throughout to make material amendments of the old matter, and present the student with much new matter explanatory of the altered Monetary Systems of the Continent, so as to give a clear insight into the rationale of Calculations, and furnish information on the most recent Mercantile and Financial regulations and enactments. The various matters comprised in the Sections of this Work are of a class rarely to be found in works of Arithmetic, except here and there piecemeal, and seldom therefore have fallen into the routine of scholastic education. Hence the necessity for a new and extended edition of Mr. Tate s work, brought down...
