The Vessel of Our Writing Dreams: Where Do Our Ideas Come from (Paperback)

By Dr Aammton Alias

Createspace Independent Publishing Platform, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.We are the vessels of our dreams, our ideas and yet where do our ideas come from? Is it simply a mesh of neurons blasting out until a printout comes out? Do we even own these ideas that we claim to originate from us? How do we ensure that we continue to both learn and project new ideas? Do we immerse ourselves in an inspirational environment? Eat healthy supplements? Perhaps dress-up and speak eloquently with a posh accent. Why do we bother to come up with something different, when in our current environment it may be safe to simply linger in the shadows waiting, like everyone else, who happens to be waiting for you? The keyword here is, brain atrophy . How do you stop this brain atrophy? Did you know that when you shine, you give others permission to do so themselves? Dr. Aammton Alias shares his personal experiences and odd non-linear stories to help you find the answers to these urgent questions.
