About Airplanes Inside. Lets get Kurious About Airplanes together Kuriousity Makes reading and Learning Super fun for Everyone One of man s greatest dreams is to fly. After many years of trying and experimentation, by early 20th century we actually achieve our first flight. We started with wings attached to our arms, big gliding kites to carry us in the air, and hot air balloons. Inventors kept on trying, improving and inventing new and better flying machines. Finally in December 1903, the Wright Brothers made the iconic first flight with its first successful powered airplane called the flyer. And from that day onwards, the world of fight soars high and far. Inventors kept on designing better, bigger, stronger and faster airplanes. Now we have improved gliders, passenger planes or airlines, supersonic fighter jets, stealth aircrafts and space shuttles. We have come a long way...
